Strut Bar Comparison

Non Adjustable

Adjustable Strut Bar

Non-adjustable strut bars are more rigid than adjustable strut bars. Therefore, they provide higher safety, comfort and stability under hard driving condition.

Our Strut Bars

Competitors Strut Bars

VW & AUDI- BRACING UPGRADES & HANDLING IMPROVEMENT PRODUCTS

1) OCCUPANT LOAD ENDURANCE STRENGTH TEST

1.1) SAMPLE DESCRIPTION

Photo 1: Test Setup

1.2) DESCRIPTION OF TESTS

- 1) Position of seat: Least favorable position in term of seat strength.
- 2) Loading position: Center of the occupant seating position on the upper cross bar.
- 3) Test condition:

	Front Seat
Moment to be applied	372 Nm
Loading cycles	40,000 cycles first stage, continuous to 100,000 cycles
Loading speed	30 ± 5 cpm

1.3) TEST CRITERIA

- 1) There shall be no detrimental deformation, crack or damage to the seat.
- 2) The bolts and nuts used for the seat shall not come loose.
- 3) Test shall be repeated until the seat is broken or 100,000 cycles of loading is performed.
- 4) The existence of crack shall be confirmed by Dry Penetration Test.

1.4) TEST RESULT

- 1) No detrimental, crack and damage to the seat.
- 2) The bolts and nuts used for the seat were not loosening.

1.5) SUMMARY

The test sample complied with customer requirement.

This report is CONFIDENTIAL and is the customer property as mentioned above. TUEV Pfalz Asia Sdn. Bhd. shall not be responsible for any distribution copies of this report or any implications arise from such distribution.

2) RECLINING ADJUSTER TEST

2.1) SAMPLE DESCRIPTION

Photo 2: Test Setup

2.2) DESCRIPTION OF TESTS

- 1) When the adjuster is rotated at a speed of 3.2 rad/sec from the point where it is in an unlocked position, the latch of the adjuster shall engage at the nearest latch position.

2.3) TEST RESULT

- 1) The latch of the adjuster engaged to the nearest latch position which is gear 1.

2.4) SUMMARY

The test sample complied with customer requirement.

This report is CONFIDENTIAL and is the customer property as mentioned above. TUEV Pfalz Asia Sdn. Bhd. shall not be responsible for any distribution copies of this report or any implications arise from such distribution.
